Laurier MBA Alumna Carly Kuntz receives two accolades in one month!

Laurier MBA Alumna Carly Kuntz (MBA '99) was just announced as one of nine recipients to receive Kitchener-Waterloo's own Women Of Merit recognition. The KW Women in Merit is a publication that honours extraordinary local women with real stories who have achieved notable success.

Carly was also recently the recipient of the Randstad Canada Women Shaping Business Award in December, recognizing her as a thoughtful, powerful leader taking strides for social change. The highlight for Carly in receiving the award from Randstad Canada was the opportunity to select a charity of choice in which Randstad Canada then donated \$10,000. Carly selected Women's Crisis Services of Waterloo Region – Anselma House as the deserving recipient for the donation
